ANNUAL LESSON PLAN FORMAT (2024-2025)

FOR ACADEMIC SUPERVISOR

Books: Let's Explore Science

Subject : Science

Class : 5th

Month	Lesson	Skill	Application	Project/Activity	Learning Outcome	Teaching Aid
Apr. Term - 1	Ch - 1 Health and Hygiene	Understanding Skill Decision making Skills	Students will demonstrate proper hand washing techniques	Students will create a hygiene checklist that students can use at home.	<ul style="list-style-type: none"> * Food Groups * Diseases -Communicable and Non-Communicable * Prevention of Communicable diseases * Vaccination 	<ul style="list-style-type: none"> * Charts * Module from Smart Class
	Ch - 2 Rocks and Minerals	Cognitive Skill, Understanding Skill	Students would be able to identify common rocks	Students will discuss comparison and between different types of rocks	<ul style="list-style-type: none"> * Minerals * Rocks * Types of rocks * Fossil fuel 	<ul style="list-style-type: none"> * Different types of rocks * Module from Smart Class
May	Ch - 3 Safety First	Practical Skill Critical Thinking Skills	Students will know how to give first aid to minor injuries	Students will create simple first aid kit and explain purpose of each item.	<ul style="list-style-type: none"> * Safety on roads and at home * Fire Safety * First Aid 	<ul style="list-style-type: none"> * Antiseptic lotion * Tourniquet * Scissors * Bandage * Module from Smart Class.
	Ch - 4 Reproduction in Plants	Understanding Skill Practical Skill	Students will know different plants reproduce by different methods	Students will make a chart showing parts of a flower	<ul style="list-style-type: none"> * Modes of Reproduction in plants * Reproduction from seeds and spores * Dispersal of seeds * Vegetative reproduction * Crops 	<ul style="list-style-type: none"> * Seeds of gram * Soil * Water * Module from Smart Class

Jul.	Ch - 5 Adaptations in animals	Critical thinking Skills Appreciation for diversity	Students will explore that adaptations are important for animal survival.	Quiz on different types of adaptation features in animal.	<ul style="list-style-type: none"> * Breathing in animals * Body covering of animals * Movement in animals * Migration 	<ul style="list-style-type: none"> * Specimen of Fish, Pigeon, Lizard, Cockroach * Module from Smart Class
	Ch - 6 The Nervous system	Understanding Skill Analysing Skill	Students will explore the main parts of nervous system-Brain, Spinal cord and Nerves	Students will demonstrate the concept of reflex actions and how they involve the nervous system	<ul style="list-style-type: none"> * Brain * Nerves * Spinal Cord * Reflex actions * Sense Organs 	<ul style="list-style-type: none"> * Specimen of Brain * Module from Smart Class
Aug.	Ch - 7 Bones and Muscles	Analysing Skill Critical thinking Skill	Students will explore the role of bones, joints and muscles in our body	Students will demonstrate proper posture to maintain bone health.	<ul style="list-style-type: none"> * Skeletal System * Parts of Skeleton Joints * Muscular system * Types of Muscles 	<ul style="list-style-type: none"> * Model of Human skeleton * Modules from Smart Class.
Oct.	Ch - 8 Simple Machines	Identification Skill Application Skill	Students will identify different types of simple machines.	Students will demonstrate to use a lever pulley. Student will demonstrate that screw is an inclined plane wound around a cylinder	<ul style="list-style-type: none"> * Lever * Inclined Plane * Wheel and Axle * Pulley * Wedge 	<ul style="list-style-type: none"> * See-Saw * Scissors * Forceps * Bottle cap opener * Module from Smart Class

	Ch - 9 Air Around Us	Practical Skill Analysing Skill	Students will explore different components and properties of air	Student will demonstrate * Air occupies space * Role of Oxygen in burning	* Composition of Air * Atmosphere * Properties of Air * Uses of atmospheric pressure * Air Pollution	* Trough * Candle * Gas Jar * Match box * Module from Smart Class
Nov.	Ch - 10 Light and Shadow	Understanding Skill Analyzing Skill	Students will explore about properties of light and how shadows are formed.	Students will prepare chart showing solar and Lunar eclipse	* Types of Objects * Shadows * Moon * Moon and tides * Eclipses * Artificial Satellites	* Torch * Butter paper * Modules from Smart Class.
	Ch - 11 Natural Calamities	Application Skill Analysing Skill	Students will explore the impact of various natural calamities	Students will discuss preventive measures for different types of Calamities	* Floods and Cyclones * Earthquake * Tsunami	* Charts * Modules from Smart Class.
Dec.	Ch - 12 Soil erosion and Conservation	Critical thinking Skill Application Skill	Students will explore how different human activities contribute to soil erosion	Students will demonstrate how plants prevent soil erosion	* Soil erosion * Agents and causes of soil erosion * Soil Conservation * Soil Pollution	* A rectangular box * Soil seeds of Oats * Module from Smart Class
Jan.	Ch - 13 Waste Management	Application Skill Analysing Skill	Students will explore how to separate bio-degradable waste.	Quiz based on waste management	* Waste * Types of waste * Disposal of waste * Waste management at home.	* Biodegradable waste * Blue and Green dustbin. * Module from Smart Class

ANNUAL LESSON PLAN FORMAT (2024-2025)

FOR ACADEMIC SUPERVISOR

Subject : Social Science

Class : 5th

Month	Lesson	Skill	Application	Project/Activity	Learning Outcome	Teaching Aid
April and May	Ch - 1 Maps and Globes. (U.T-1)	Understanding Skill Experimental Skill	Showing political and Physical Maps for better understanding the students.	1. Use the given Mnemonic to recall and write the missing names of continents.	Students will be able to identify Continents and Oceans on a map of World.	Black-Board, Chalks,Duster, Globe or Map, Chart.
Term - 1	Ch - 2 Parallels and Meridians	Knowledge Skill, Experimental Skill	Students will be find the location and time of the particular place with the help of Parallels and Meridians.	2. Do Activity:- Draw colourful Diagram of Parallels of Latitudes	Students will be able to define and identify latitudes and longitudes.	Black- Board, Chalks, Duster Globe
	Ch - 11 Staying Healthy (U.T-1)	Understanding Skill Logical Thinking	Students come to know how we can use Clinical Thermometer accurately.	3. Find and write the names of two Vaccines that are available for COVID-19 in India. Also, list four precautions you should follow to prevent spread of COVID-19.	Students will be able to define and describe medical gadgets and list their uses.	Black-Board, Chalks, Duster Thermometer Black Board, Chalk, Chart, Smart Class

	Ch - 12 The Earliest Humans. (U.T-1)	Remembering Skill Understanding Skill	Students come to know how humans learnt tools and usefulness of Fire.	4. Draw and observe the time line and answer the Questions on Pg. no. 79.	Students will be able to list the sources of information of the earliest humans.	Black-Board, Chalks Duster,
	Ch - 17 Governing Ourselves. (U.T-1)	Understanding Skill Critical Thinking Skill	Students come to know how different level of government helps and works for the welfare of people.	5. Plan an election campaign. Divide the class into different groups. Follow the steps giving in books.	Students will be able to define political party and explain how voting takes place Students will be able to define political party and explain how voting takes place	Black- Board, Chalks Duster Black-Board, Chalks Duster
July + Aug Term - 1	Ch - 3 Movements of the Earth -their effects.	Understanding Skill, Logical Thinking Skill	Students come to know how days and nights are formed.	Draw All Diagrams and Explain Rotation and Revolution. Prepare a Assignment of whole Chapter <u>SEA-1</u>	Students will be able to define and list the effects of Rotation and Revolution	Black Board, Chalk, Duster
	Ch - 4 Major Landforms.	Understanding Skill, Remembering Skill	Students come to know how platues and plains Important for Everyone.		Students will be able to define and describe the various relief features of the earth.	Black Board, Chalk, Duster (Smart Class)

	Ch - 13 Evolution of Transport and Communication	Understanding Skill Remembering Skill	Students will be aware how Means of transport and communication important for Daily Life of everyone.	MAP Work:- Fill outline map of World with Oceans and Continents.	Students will be able to reason how. modern means of transport play an important role in reaching distant places.	Black-Board, Chalks Duster,
	Ch - 18 Elections	Critical Thinking Skill Understanding Skill	Students will be aware how elections are important for Everyone.	7. Prepare A Project Work :- Means of Transport and Communication with the help of paste pics, drawing and Colouring- (Art Integrated)	Students will be able to define political party and voting takes place.	Black- Board, Chalks Duster
	Ch - 5 Natural Resources.	Remembering Skill Understanding Skill,	Students will be aware about how we can use wisely natural resources.		Students will be able to define natural resources are very important for Everyone.	Black-Board, Chalks Duster
Oct + Nov Term - 2	Ch - 6 Weather and Climate (U.T-2)	Understanding Skill, Logical Thinking Skill	Students come to know how days and nights are formed.	1. Fill a Political Map of world with Climatic regions of the world.	Students will be able to learn about impact of Climate Changes	Black Board, Chalk, Duster
	Ch - 7 Climatic Zones	Understanding Skill Creative Thinking Skill	Students come to know how plateaus and plains Important for Everyone.	2. Draw a Colourful Diagram of Climatic Zones	Students will be able to learn and locate climatic zone on map of the world.	Black Board, Chalk, Duster Map of World for showing

	Ch - 8 Our Environment. (U.T- 2)	Understanding Skill Analyzing Skill	Students will be aware about Three Rs for how can keep clean Environment.	3. Best out of waste:- Reuse items that have been thrown away or not used and make things of utility	Students will be able to learn about freedom fighters and revolt centres of 1857.	Black-Board, Chalks Duster,
	Ch - 15 Struggle Towards Freedom (U.T-2)	Understanding Skill Logical Thinking Skill	Students will be aware about freedom fighters and their achievements.	4. Flag Making Activity:- Draw a Colourful Flag and write National Anthem along it.	Students will be able to learn about the formation of UN.	Black- Board, Chalks Duster
	Ch - 19 The United Nations. (U.T-2)	Understanding Skill, Remembering Skill	Students will be aware about objectives of United Nations	5. Draw or Paste Pics of Symbols of political Parties of India. 6. Prepare A Project Work:- Fill Map of India with Physical features of India for showing :- (Use colours). Map Work:- Fill outline Map of India with some States of India.		Black- Board, Chalks Duster

Dec + Jan	Ch - 9 Environmental Pollution.	Understanding Skill Remembering Skill	Students come to know how Environmental Pollution dangerous for health.		Students will be able to learn. <u>Save the Earth is</u> very important.	Black-Board, Chalks Duster,
Term - 2	Ch - 10 Natural Disasters.	Analyzing Skill Logical Thinking Skill	Students come to know how to prepare themselves for Natural Disasters.		Students will be able to learn about natural disasters like floods, droughts, earthquakes, volcanic eruptions and cyclones.	Black- Board, Chalks Duster
	Ch - 16 India Wins Freedom.	Understanding Skill, Remembering Skill	Students come to know how all those freedom fighters who took part in Indian struggle for Freedom.		Students will be able to learn about Movements of India freedom struggle.	Black- Board, Chalks Duster
	Ch - 14 They Make Us Proud	Understanding Skill, Critical Thinking Skill	Students come to know how great personalities of India Change the world into a better place.	<u>7. Prepare A Assignment:-</u> On Scientists, Mathematics, Medicine literature music and Social Reformers. <u>(S.E.A)-II</u>	Students will be able to learn the contribution of Indians in the field of science, mathematics, medicine, literature and music.	Black- Board, Chalks Duster
